To print an individual page do the following operation within Excel after you have downloaded the Public Use File.

- 1. Open the Excel file.**
- 2. Select File from the tool bar.**
- 3. Select the Print..... function.**
- 4. Within the print range section deselect the All button and select the Page(s) button and enter the page range from the index above. If the page you select is a single page, you must put the same page in the “from” and “to” fields.**
- 5. Then select OK and print the page(s).**
