## I. EXECUTIVE SUMMARY

---

---

### **Background**

Blue Cross Blue Shield of Texas (BCBSTX) is a Federally-facilitated Exchange (FFE) issuer that offered Preferred Provider Organization (PPO), Health Maintenance Organization (HMO) QHPs and Other QHPs in the individual market in Texas during the 2014 benefit year. BCBSTX submitted their final restated 2014 benefit year data in their November 2015 Enrollment and Payment Data Workbook (EPDW). The issuer received a total of \$1,055,133,499.00 in advance premium tax credit (APTC) and advance cost sharing reductions (CSR) payments and paid a total of \$42,520,126.48 in FFE user fees for its 2014 benefit year individual market plans.

This report presents the results of the work performed to assess BCBSTX's compliance with the APTC, advance CSR, and FFE user fee programs established in sections 1311, 1401 and 1402 of the Patient Protection and Affordable Care Act (Pub. L. 111–148) enacted on March 23, 2010 and further amended and revised by the Health Care and Education Reconciliation Act of 2010 (Pub. L. 111–152) enacted on March 30, 2010 and implementing regulations (collectively referred to throughout as PPACA).

### **Audits to Determine Compliance with the Administration of APTC, Advance CSR, and FFE User Fee Programs**

Title 45 of the Code of Federal Regulations (CFR), sections 156.480 and 156.705, allow the Department of Health and Human Services (HHS) to conduct audits of issuers that offer a QHP in the individual market through an Exchange to assess compliance with the APTC, advance CSR, and FFE user fee program requirements. The audit supports the Centers for Medicare & Medicaid Services (CMS) objectives to:

- Safeguard Federal funds;
- Instill confidence amongst regulated entities of data quality, soundness, and robustness;
- Evaluate health insurance issuer compliance with program rules and regulations; and
- Develop a successful and coordinated risk-based, multi-year audit program that maximizes resources.

This audit<sup>1</sup> is part of a program established by CMS to validate the enrollment and payment data reported on the final 2014 EPDW and analyze controls and policies of selected issuers pursuant to the authority defined in the regulations.

### **Results of Review**

---

<sup>1</sup> To provide the flexibility needed when standing up a new oversight program and to ensure that issuers are able to provide CMS with their most accurate data, audit protocols allow for dialog between auditor and issuer to identify and correct errors in data submission that differ somewhat from some independence and reporting standards laid out under Generally Accepted Government Auditing Standards (GAGAS). These procedures were defined and executed consistent with the competence, integrity, and analytical discipline required for performance audits as defined by GAGAS.

CMS's procedures identified four findings for BCBSTX. The findings involve the following:

- Premium/user fee, APTC and advance CSR differences identified as a result of the comparison of the data included in the EPDW against an APTC/CSR Desk Audit File containing subscriber level data from BCBSTX's systems;
- Inclusion of enrollment and full month payment data for subscribers who were reported more than once in the same month;
- Inclusion of enrollment and payment data for subscribers who were not effectuated or who had off-exchange enrollments in the issuer's systems; and
- Inclusion of incorrect APTC amounts for one of the 45 selected subscribers and exclusion of advance CSR amounts for two of the 45 selected subscribers.

## II. BACKGROUND, OBJECTIVES, SCOPE AND METHODOLOGY

---

### A. Background

Sections 1401 and 1402 of the PPACA established the APTC and advance CSR programs to support the provision of affordable health care coverage to individuals. Additionally, section 1311 of the PPACA allowed the FFE to charge participating issuers user fees to support FFE operations.

CMS has the responsibility to confirm successful implementation of, and adherence to, the PPACA provisions and implementing regulations governing the APTC, advance CSR, and FFE user fee programs. As such, CMS established this audit program.

### Interim Payment Process

For the 2014 benefit year, CMS implemented a temporary process (“interim payment process”) to calculate and make monthly payments of APTC and advance CSR amounts and to calculate and collect monthly FFE user fee amounts based on data submitted by issuers at the QHP level. On a monthly basis, CMS required submitters to use a standard template, *i.e.* the EPDW that CMS staff created and maintained, to submit payment data. The EPDW was preprogrammed with individual submitter data that allowed the submitter to self-validate data prior to submission to CMS. The EPDW included the option to restate prior months’ data or indicate no change in data since the last submission. CMS required submitters to send the following information at the QHP plan variant level via the password-protected template:

1. State
2. Tax Identification Number (TIN)
3. Health Insurance Oversight System (HIOS) ID
4. QHP ID
5. Total premium amount for all enrollments
6. Total APTC amount
7. Total advance CSR amount
8. Total FFE User Fee amount
9. Total effectuated enrollment groups
10. Total effectuated enrollment groups with APTC
11. Total effectuated enrollment groups with CSR
12. Total effectuated members
13. Total effectuated members with APTC
14. Total effectuated members with CSR

Issuers and State-based Exchanges (SBEs) on behalf of issuers were required to calculate the QHP level enrollment and payment amounts submitted on the EPDW using their internal source data.

## **B. Audits to Determine Compliance with the Administration of APTC, Advance CSR, and FFE User Fee Programs**

CMS established an audit protocol that is organized around the following regulations governing APTC, advance CSR, and FFE user fee programs, and the procedures required to assess compliance with these applicable regulations:

- 45 CFR 156.50: Financial Support;
- 45 CFR 156.460: Reduction of enrollee's share of premium to account for advance payments of the premium tax credit;
- 45 CFR 156.480: Oversight of the administration of the cost-sharing reductions and advance payments of the premium tax credit programs;
- 45 CFR 156.705: Maintenance of records for Federally-facilitated Exchanges.

Refer to Appendix 1 for the specific requirements established under the authorities listed above.

## **C. Objectives**

The objectives of these audits are to:

- (1) Evaluate the accuracy and integrity of issuer-generated EPDW data reported for the APTC, advance CSR, and FFE user fee programs;
- (2) Identify potential CMS payment errors resulting from issuer data reporting errors; and
- (3) Test accuracy and integrity of processes for reducing an enrollee's share of premium to account for APTCs (45 CFR 156.460).

## **D. Scope and Methodology**

CMS selected BCBSTX for an audit under the above-mentioned regulation(s). As established by CMS, the audit centered on evaluating activity at BCBSTX related to the 2014 benefit year (January 1, 2014, through December 31, 2014), individual market data reported on the final EPDW(s) submitted by the issuer to support APTC and advance CSR payments, and FFE user fee collections.

CMS informed BCBSTX via electronic letter on November 16, 2016, that it would be audited. BCBSTX then received a letter on November 18, 2016, from CMS's audit contractor, identifying data requirements required to conduct the audit. CMS's audit contractor reviewed BCBSTX's information provided and performed the procedures to assess compliance with APTC, advance CSR and FFE user fee program rules and regulations as defined in the CMS protocols.

CMS's audit contractor applied audit protocol procedures to obtain sufficient and appropriate evidence to establish reasonable bases for the findings related to the audit objectives identified in section II.C of this report. CMS's audit contractor performed the following procedures:

- Validations of the APTC/CSR Desk Audit File<sup>2</sup> data submitted to CMS:
  - EPDW Validations: Comparison of the final 2014 EPDW submitted to CMS to the APTC/CSR Desk Audit File from BCBSTX's systems.
  - Duplicate Check: Review of the APTC/CSR Desk Audit File containing subscriber level data from BCBSTX's systems to verify that duplicate Exchange-assigned subscriber IDs (i.e. Exchange-assigned subscriber IDs that were reported on the file twice in the same month) were not reported on the file.
  - Unreconciled Subscribers Review: Review and comparison of the subscribers reported on the APTC/CSR Desk Audit File to the subscribers included in CMS's systems to determine if the subscribers existed and were effectuated (i.e. the amount the subscriber is responsible to pay toward the first month's total premium amount has been paid in full by the subscriber) in CMS's systems.
- Validations on samples of issuer system data:
  - 45 Subscriber Review: Review and comparison of the data from the issuer's systems to the corresponding data included in CMS's systems for a selected sample of 45 subscribers.
  - 15 Subscriber Review: Analysis and review of data and documentation from the issuer's systems to verify effectuation and the appropriate application of premium and APTC amounts to policies for a selected sample of 15 subscribers.
- Policy and Procedure Review: Review of issuer APTC policies and procedures for completeness and clarity.

---

<sup>2</sup> The APTC/CSR Desk Audit File is CMS's standard document for issuers to provide information in support of this audit.

## IV. FINDINGS

A finding is an identification of an instance of issuer non-compliance with CMS requirements that requires corrective action. CMS's audit procedures identified four findings. The four findings resulted in a change to BCBSTX's reported EPDW for individual market plans for the 2014 benefit year. In light of the four findings, the adjusted 2014 benefit year EPDW APTC and advance CSR payments and FFE user fee amounts for individual market plans are shown in the following table.

### Recalculated EPDW for Benefit Year 2014

	FFE User Fees	APTC	Advance CSR Payments*
EPDW As Filed in November 2015	\$(42,520,126.48)	\$847,576,028.60	\$207,557,470.40
EPDW Validations Adjustment	\$82,683.29	\$(1,411,641.39)	\$(7,109,600.55)*
Duplicate Check Adjustment	\$2,967.08	\$(67,560.28)	\$(8,104.32)*
Unreconciled Subscribers Review Adjustment	\$1,607.97	\$(3,540.00)	\$0.00*
45 Subscriber Review Adjustment	\$0.00	\$9.00	\$2,121.80*
EPDW As Recalculated	\$(42,432,868.14)	\$846,093,295.93	\$200,441,887.33*
<b>(Refund) from CMS / Payment to CMS</b>	\$(87,258.34)	\$1,482,732.67	

\* Note: The advance CSR financial impact is for informational purposes only.

The net financial impact of the four findings is a payment due to CMS of \$1,395,474.33 consisting of \$(87,258.34) in FFE user fees and \$1,482,732.67 in APTC. The four findings along with the criteria, cause, effect, corrective actions and BCBSTX's responses are as follows:

<p><b>Finding No. 1 - EPDW Validations</b></p>	<p><b>Condition:</b></p>	<p><b>Premium and FFE User Fee Differences</b> - For 44 QHPs and applicable months of benefit year 2014, the "Total Premium Amount by QHP ID for effectuated enrollments" included on BCBSTX's EPDW did not match the total premium amount included on BCBSTX's APTC/CSR Desk Audit File, resulting in a total net difference of \$2,362,379.58 in premiums. This net premium difference translates to a net difference of \$82,683.29 in FFE user fees. For the 44 QHPs and applicable months of benefit year 2014, there was a corresponding net difference of 5,471 enrollment groups and 8,370 members.</p> <p><b>APTC Differences</b> - For 38 QHPs and applicable months of benefit year 2014, the "Total APTC Amount by QHP ID for effectuated enrollments" included on BCBSTX's EPDW did not match the total premium amount on BCBSTX's APTC/CSR Desk Audit File, resulting in a total net difference of \$1,411,641.39 in APTC. For the 38 QHPs and applicable months of benefit year 2014, there was a corresponding net difference of 3,919 enrollment groups and 6,189 APTC members.</p> <p><b>Advance CSR Differences</b> - For 49 QHPs and applicable months of benefit year 2014, the "Total CSR Amount by QHP ID for effectuated enrollments" included on BCBSTX's EPDW did not match the total advance CSR amount on BCBSTX's APTC/CSR Desk Audit File, resulting in a total net difference of \$7,109,600.55 in advance CSR. For the 49 QHPs and applicable months of benefit year 2014, there was a corresponding net difference of 53,495 CSR enrollment groups and 83,058 CSR members.</p>
	<p><b>Criteria:</b></p>	<p>Per CMS guidance and EPDW submission requirements:</p> <p>The "Total premium amount by QHP ID for effectuated enrollments" submitted on the EPDW is the "total premium amount for the health coverage for all effectuated enrollments within that plan" and the Total User Fee Amount by QHP ID is "the total FFM user fee amount the issuer can expect to incur</p>

		<p>for participation in the Federally-facilitated Marketplace."</p> <p>The "Total APTC amount by QHP ID for effectuated enrollments" submitted on the EPDW is the "total APTC toward the total premium amount for effectuated enrollments within a 16-digit QHP ID."</p> <p>The "Total CSR amount by QHP ID for effectuated enrollments" submitted on the EPDW is the "total monthly advance CSR amount the issuer can expect to receive for all effectuated enrollments within a 16-digit QHP ID."</p>
	<b>Cause:</b>	<p>The issuer indicated "the discrepancies are due to a retroactive change in the coverage start or end dates in our membership system after the final submission in 2015."</p>
	<b>Effect:</b>	<p>The premium/FFE user fee, APTC and advance CSR differences resulted in a change to BCBSTX's final, restated benefit year 2014 EPDW data.</p>
	<b>Corrective Action Required:</b>	<p>The net financial impact for this finding is a payment due to CMS of \$1,328,958.10 consisting of \$(82,683.29) in FFE user fees and \$1,411,641.39 in APTC. BCBSTX should confirm this financial impact and coordinate with CMS on resolution.</p> <p>The advance CSR payment impact for this finding is an overstatement of \$7,109,600.55; however, this is for informational purposes only as CSR reconciliation is outside the scope of the audits.</p>
	<b>Management Response:</b>	<p>BCBSTX agrees with this finding. As noted in the draft audit report, the information regarding advance CSR payments is for informational purposes only as CSR reconciliation is outside the scope of the audits. Consistent with the scope of the audits, it is our understanding that, based on a review of a sample of the subscribers identified as discrepancies in the audits, the amounts noted above as advance CSR payments would have been reconciled as part of the Reconciliation of the Cost</p>

		Sharing Reduction Component of Advance Payments for Benefit Years 2014 and 2015 that was filed with CMS for Trading Partner ID 70670H.
--	--	--

<b>Finding No. 2 - Duplicate Check</b>	<b>Condition:</b>	BCBSTX overstated benefit year 2014 premiums by reporting enrollment and full month payment data for 10 duplicate subscribers, i.e. subscribers who were reported more than once in the same month. Additionally, BCBSTX overstated benefit year 2014 premiums, APTC and advance CSR (as applicable) by reporting enrollment and full month payment data for 94 duplicate subscribers.
	<b>Criteria:</b>	Issuers cannot request payment from CMS for the same subscriber twice within a month.
	<b>Cause:</b>	The issuer noted agreement with the duplicate records identified for 104 exchange-assigned subscriber IDs included in the APTC/CSR Desk Audit File. Additionally, the issuer noted “HCSC identified two cases in which we disagreed and provided our responses for those cases in the spreadsheet.”
	<b>Effect:</b>	The inclusion of enrollment and payment data for the 104 duplicate subscribers resulted in a change to BCBSTX’s final, restated benefit year 2014 EPDW data.
	<b>Corrective Action Required:</b>	The net financial impact for this finding is a payment due to CMS of \$64,593.20 consisting of \$(2,967.08) in FFE user fees and \$67,560.28 in APTC. BCBSTX should confirm this financial impact and coordinate with CMS on resolution.  The advance CSR payment impact for this finding is an overstatement of \$8,104.32; however, this is for informational purposes only as CSR reconciliation is outside the scope of the audits.
	<b>Management Response:</b>	BCBSTX agrees with this finding. As noted in the draft audit report, the information regarding advance CSR payments is for informational purposes only as CSR reconciliation is outside the scope of the audits. Consistent with the scope of

		the audits, it is our understanding that, based on a review of a sample of the subscribers identified as discrepancies in the audits, the amounts noted above as advance CSR payments would have been reconciled as part of the Reconciliation of the Cost Sharing Reduction Component of Advance Payments for Benefit Years 2014 and 2015 that was filed with CMS for Trading Partner ID 70670H.
--	--	---

<b>Finding No. 3 - Unreconciled Subscribers Review</b>	<b>Condition:</b>	BCBSTX overstated benefit year 2014 premiums by reporting enrollment and payment data for two subscribers who were not effectuated and by reporting enrollment and payment data for ten subscribers who had off-exchange enrollments. BCBSTX overstated benefit year 2014 premiums and APTC by reporting enrollment and payment data for one subscriber who was not effectuated.
	<b>Criteria:</b>	Per CMS guidance and EPDW submission requirements, the EPDW should include data for effectuated enrollments where an effectuated enrollment is defined as “any enrollment in which the amount the enrollment group is responsible to pay toward the total premium amount has been paid in full by the enrollment group.”
	<b>Cause:</b>	The issuer indicated for the two non-effectuated subscribers that “The Exchange Assigned Sub ID for this member changed with the plan year. As a result their Exchange Assigned Sub ID from a different plan year was incorrectly extracted for this plan year.” For the ten off-exchange subscribers included in the APTC/CSR desk audit file, the issuer indicated “This is an OFF Exchange enrollment that was incorrectly attributed to ON Exchange market type.”
	<b>Effect:</b>	The inclusion of the two non-effectuated enrollments and the ten off-exchange enrollments resulted in a change to BCBSTX’s final, restated benefit year 2014 EPDW data.
	<b>Corrective Action Required:</b>	The net financial impact for this finding is a payment due to CMS of \$1,932.03 consisting of \$(1,607.97) in FFE user fees and \$3,540.00 in

		APTC. BCBSTX should confirm this financial impact and coordinate with CMS on resolution.
	<b>Management Response:</b>	BCBSTX agrees with this finding. As noted in the draft audit report, the information regarding advance CSR payments is for informational purposes only as CSR reconciliation is outside the scope of the audits. Consistent with the scope of the audits, it is our understanding that, based on a review of a sample of the subscribers identified as discrepancies in the audits, the amounts noted above as advance CSR payments would have been reconciled as part of the Reconciliation of the Cost Sharing Reduction Component of Advance Payments for Benefit Years 2014 and 2015 that was filed with CMS for Trading Partner ID 70670H.

<b>Finding No. 4 - 45 Subscriber Review</b>	<b>Condition:</b>	BCBSTX understated the APTC and CSR amounts reported on the APTC/CSR Desk Audit File for three of the 45 selected subscribers by reporting incorrect APTC amounts for one subscriber and by excluding advance CSR data for two subscribers.
	<b>Criteria:</b>	Per CMS guidance, the issuer must create a single Inbound APTC/CSR Desk Audit File consisting of detailed enrollment group effectuated enrollment records (one per enrollment group, per month) with the corresponding payment data.
	<b>Cause:</b>	The issuer indicated that for the one subscriber “Two applications were received with 10/1/14 effective dates. Application with policy ID# X was "removed from processing" but its information, including APTC amount, is what was enrolled into our membership system even though the coverage record lists the policy ID # Y (which is the one that had \$131 APTC).” For the two subscribers with advance CSR amount differences, the issuer indicated “CMS has the correct CSR Amount and that is the amount reflected in our membership system. The RCNI does not reflect this value, so this is likely an error in the extract for the RCNI and the extract used in the manual submission and

		incorrectly excluded the CSR amount on the record.”
	<b>Effect:</b>	The reporting of the incorrect APTC and advance CSR amounts for the three subscribers resulted in a change to BCBSTX’s final, restated benefit year 2014 EPDW data.
	<b>Corrective Action Required:</b>	The net financial impact for this finding is a refund from CMS of \$(9.00) in APTC. BCBSTX should confirm this financial impact and coordinate with CMS on resolution.  The advance CSR payment impact for this finding is an understatement of \$2,121.80; however, this is for informational purposes only as CSR reconciliation is outside the scope of the audits.
	<b>Management Response:</b>	BCBSTX agrees with this finding. As noted in the draft audit report, the information regarding advance CSR payments is for informational purposes only as CSR reconciliation is outside the scope of the audits. Consistent with the scope of the audits, it is our understanding that, based on a review of a sample of the subscribers identified as discrepancies in the audits, the amounts noted above as advance CSR payments would have been reconciled as part of the Reconciliation of the Cost Sharing Reduction Component of Advance Payments for Benefit Years 2014 and 2015 that was filed with CMS for Trading Partner ID 70670H.
