I. EXECUTIVE SUMMARY

Background

Highmark WV is a Federally-facilitated Exchange (FFE) issuer that offered Preferred Provider Organization (PPO) qualified health plans (QHPs) in the individual market in West Virginia during the 2014 benefit year. Highmark WV submitted their final restated 2014 benefit year data in their November 2015 Enrollment and Payment Data Workbook (EPDW). The issuer received a total of \$52,847,593.68 in advance premium tax credit (APTC) and advance cost sharing reduction (CSR) payments and paid a total of \$2,499,432.76 in FFE user fees for its 2014 benefit year individual market plans.

This report presents the results of the work performed to assess Highmark WV's compliance with the APTC, advance CSR, and FFE user fee programs established in sections 1311, 1401 and 1402 of the Patient Protection and Affordable Care Act (Pub. L. 111–148) enacted on March 23, 2010 and further amended and revised by the Health Care and Education Reconciliation Act of 2010 (Pub. L. 111–152) enacted on March 30, 2010 and implementing regulations (collectively referred to throughout as PPACA).

Audits to Determine Compliance with the Administration of APTC, Advance CSR, and FFE User Fee Programs

Title 45 of the Code of Federal Regulations (CFR), sections 156.480 and 156.705, allow the Department of Health and Human Services (HHS) to conduct audits of issuers that offer a QHP in the individual market through an Exchange to assess compliance with the APTC, advance CSR, and FFE user fee program requirements. The audit supports the Centers for Medicare & Medicaid Services (CMS) objectives to:

- Safeguard Federal funds;
- Instill confidence amongst regulated entities of data quality, soundness, and robustness;
- Evaluate health insurance issuer compliance with program rules and regulations; and
- Develop a successful and coordinated risk-based, multi-year audit program that maximizes resources.

This audit¹ is part of a program established by CMS to validate the enrollment and payment data reported on the final 2014 EPDW and analyze controls and policies of selected issuers pursuant to the authority defined in the regulations.

Results of Review

¹ To provide the flexibility needed when standing up a new oversight program and to ensure that issuers are able to provide CMS with their most accurate data, audit protocols allow for dialog between auditor and issuer to identify and correct errors in data submission that differ somewhat from some independence and reporting standards laid out under Generally Accepted Government Auditing Standards (GAGAS). These procedures were defined and executed consistent with the competence, integrity, and analytical discipline required for performance audits as defined by GAGAS.

CMS's procedures identified five findings for Highmark WV. The findings involve the following:

- Premium/FFE user fee, APTC and advance CSR differences identified as a result of the comparison of the data included in the EPDW against an APTC/CSR Desk Audit File containing subscriber level data from the issuer's systems;
- Inclusion of enrollment and full month payment data for subscribers who were reported more than once in the same month;
- Inclusion of enrollment and payment data for subscribers who were not effectuated in the issuer's systems;
- Inclusion of incorrect premium amounts for one of the 45 selected subscribers and exclusion of an APTC amount for one of the 45 selected subscribers; and
- Inclusion of enrollment and payment data for one the 15 subscribers who was not effectuated in the issuer's systems.

II. BACKGROUND, OBJECTIVES, SCOPE, AND METHODOLOGY

A. Background

Sections 1401 and 1402 of the PPACA established the APTC and advance CSR programs to support the provision of affordable health care coverage to individuals. Additionally, section 1311 of the PPACA allowed the FFE to charge participating issuers user fees to support FFE operations.

CMS has the responsibility to confirm successful implementation of, and adherence to, the PPACA provisions and implementing regulations governing the APTC, advance CSR, and FFE user fee programs. As such, CMS established this audit program.

Interim Payment Process

For the 2014 benefit year, CMS implemented a temporary process (“interim payment process”) to calculate and make monthly payments of APTC and advance CSR amounts and to calculate and collect monthly FFE user fee amounts based on data submitted by issuers at the QHP level. On a monthly basis, CMS required submitters to use a standard template, *i.e.* the EPDW that CMS staff created and maintained, to submit payment data. The EPDW was preprogrammed with individual submitter data that allowed the submitter to self-validate data prior to submission to CMS. The EPDW included the option to restate prior months’ data or indicate no change in data since the last submission. CMS required submitters to send the following information at the QHP plan variant level via the password-protected template:

1. State
2. Tax Identification Number (TIN)
3. Health Insurance Oversight System (HIOS) ID
4. QHP ID
5. Total premium amount for all enrollments
6. Total APTC amount
7. Total advance CSR amount
8. Total FFE User Fee amount
9. Total effectuated enrollment groups
10. Total effectuated enrollment groups with APTC
11. Total effectuated enrollment groups with CSR
12. Total effectuated members
13. Total effectuated members with APTC
14. Total effectuated members with CSR

Issuers and State-based Exchanges (SBEs) on behalf of issuers were required to calculate the QHP level enrollment and payment amounts submitted on the EPDW using their internal source data.

B. Audits to Determine Compliance with the Administration of APTC, Advance CSR, and FFE User Fee Programs

CMS established an audit protocol that is organized around the following regulations governing APTC, advance CSR, and FFE user fee programs, and the procedures required to assess compliance with these applicable regulations:

- 45 CFR 156.50: Financial Support;
- 45 CFR 156.460: Reduction of enrollee's share of premium to account for advance payments of the premium tax credit;
- 45 CFR 156.480: Oversight of the administration of the cost-sharing reductions and advance payments of the premium tax credit programs;
- 45 CFR 156.705: Maintenance of records for Federally-facilitated Exchanges.

Refer to Appendix 1 for the specific requirements established under the authorities listed above.

C. Objectives

The objectives of these audits are to:

- (1) Evaluate the accuracy and integrity of issuer-generated EPDW data reported for the APTC, advance CSR, and FFE user fee programs;
- (2) Identify potential CMS payment errors resulting from issuer data reporting errors; and
- (3) Test accuracy and integrity of processes for reducing an enrollee's share of premium to account for APTCs (45 CFR 156.460).

D. Scope and Methodology

CMS selected Highmark WV for an audit under the above-mentioned regulation(s). As established by CMS, the audit centered on evaluating activity at Highmark WV related to the 2014 benefit year (January 1, 2014, through December 31, 2014), individual market data reported on the final EPDW(s) submitted by the issuer to support APTC and advance CSR payments, and FFE user fee collections.

CMS informed Highmark WV via electronic letter on November 16, 2016, that it would be audited. Highmark WV then received a letter on November 18, 2016, from CMS's audit contractor, identifying data requirements required to conduct the audit. CMS's audit contractor reviewed Highmark WV's information provided and performed the procedures to assess compliance with APTC, advance CSR and FFE user fee program rules and regulations as defined in the CMS protocols.

CMS's audit contractor applied audit protocol procedures to obtain sufficient and appropriate evidence to establish reasonable bases for the findings related to the audit objectives identified in section II.C of this report. CMS's audit contractor performed the following procedures:

- Validations of the APTC/CSR Desk Audit File² data submitted to CMS:
 - EPDW Validations: Comparison of the final 2014 EPDW submitted to CMS to the APTC/CSR Desk Audit File from Highmark WV's systems.
 - Duplicate Check: Review of the APTC/CSR Desk Audit File containing subscriber level data from Highmark WV's systems to verify that duplicate Exchange-assigned subscriber IDs (i.e. Exchange-assigned subscriber IDs that were reported on the file twice in the same month) were not reported on the file.
 - Unreconciled Subscribers Review: Review and comparison of the subscribers reported on the APTC/CSR Desk Audit File to the subscribers included in CMS's systems to determine if the subscribers existed and were effectuated (i.e. the amount the subscriber is responsible to pay toward the first month's total premium amount has been paid in full by the subscriber) in CMS's systems.
- Validations on samples of issuer system data:
 - 45 Subscriber Review: Review and comparison of the data from the issuer's systems to the corresponding data included in CMS's systems for a selected sample of 45 subscribers.
 - 15 Subscriber Review: Analysis and review of data and documentation from the issuer's systems to verify effectuation and the appropriate application of premium and APTC amounts to policies for a selected sample of 15 subscribers.
- Policy and Procedure Review: Review of issuer APTC policies and procedures for completeness and clarity.

² The APTC/CSR Desk Audit File is CMS's standard document for issuers to provide information in support of this audit.

III. RESULTS OF REVIEW

EPDW Validations

One finding resulted from the comparison of the final 2014 EPDW to Highmark WV's APTC/CSR Desk Audit File. Refer to Finding No. 1 included in section IV for details on the finding.

Duplicate Check

One finding resulted from the review of Highmark WV's APTC/CSR Desk Audit File to verify that duplicate Exchange-assigned subscriber IDs were not reported on the file. Refer to Finding No. 2 included in section IV for details on the finding.

Unreconciled Subscribers Review

One finding resulted from the review of Highmark WV's APTC/CSR Desk Audit File to determine if the subscribers reported on the file existed and were effectuated in CMS's systems. Refer to Finding No. 3 included in section IV for details on the finding.

45 Subscriber Review

One finding resulted from the review and comparison of the data from Highmark WV's systems to the corresponding data included in CMS's systems for a selected sample of 45 subscribers. Refer to Finding No. 4 included in section IV for details on the finding.

15 Subscriber Review

One finding resulted from the analysis and review of the data and documentation from Highmark WV's systems to verify effectuation and the appropriate application of premium and APTC amounts to policies for a selected sample of 15 subscribers. Refer to Finding No. 5 included in section IV for details on the finding.

Policy and Procedure Review

No findings resulted from the review of Highmark WV's APTC policies and procedures.

IV. FINDINGS

A finding is an identification of an instance of issuer non-compliance with CMS requirements that requires corrective action. CMS's audit procedures identified five findings. The five findings resulted in a change to Highmark WV's reported EPDW for individual market plans for the 2014 benefit year. In light of the five findings, the adjusted 2014 benefit year EPDW APTC and advance CSR payments and FFE user fee amounts for individual market plans are shown in the following table.

Recalculated EPDW for Benefit Year 2014

	FFE User Fees	APTC	Advance CSR Payments*
EPDW As Filed in November 2015	\$(2,499,432.76)	\$46,102,558.27	\$6,745,035.41
EPDW Validations Adjustment	\$(3,790.78)	\$(99,970.31)	\$(21,489.89)*
Duplicate Check Adjustment	\$346.14	\$(4,313.00)	\$(720.90)*
Unreconciled Subscribers Review Adjustment	\$1,164.70	\$(22,277.62)	\$(2,409.79)*
45 Subscriber Review Adjustment	\$(7.95)	\$269.00	\$0.00*
15 Subscriber Review Adjustment	\$11.85	\$(249.00)	\$(74.45)*
EPDW As Recalculated	\$(2,501,708.80)	\$45,976,017.34	\$6,720,340.38*
(Refund) from CMS / Payment to CMS	\$2,276.04	\$126,540.93	
Exceptions Process Adjustment**	\$(1,046.53)	\$(22,479.26)	
Adjusted (Refund) from CMS / Payment to CMS	\$1,229.51	\$104,061.67	

* Note: The advance CSR financial impact is for informational purposes only.

** CMS has an exceptions process to allow issuers to request payment adjustments in order to resolve benefit year 2014 enrollment, APTC, and user fee discrepancies identified after the final 2014 payment workbook used in this analysis was submitted. Highmark WV requested an adjustment of \$1,046.53 in FFE user fees and \$22,479.26 in APTC through this process. The payment due to CMS is therefore adjusted to account for the payment of \$1,046.53 in FFE user fees and \$22,479.26 in APTC made by Highmark WV to CMS during the exceptions process.

The net financial impact of the five audit findings is a payment due to CMS of \$128,816.97 consisting of \$2,276.04 in FFE user fees and \$126,540.93 in APTC. The payment due to CMS, net of the exceptions process adjustment of \$23,525.79, is \$105,291.18.

The five findings along with the criteria, cause, effect, corrective actions and Highmark WV’s responses are as follows:

<p>Finding No. 1 - EPDW Validations</p>	<p>Condition:</p>	<p>Premium and FFE User Fee Differences - For 25 QHPs and applicable months of benefit year 2014, the "Total premium amount by QHP ID for effectuated enrollments" included on Highmark WV’s EPDW did not match the total premium amount include on Highmark WV’s APTC/CSR Desk Audit File, resulting in a total net difference of \$(108,307.99) in premiums. This net premium difference translates to a net difference of \$(3,790.78) in FFE user fees. For the 25 QHPs and applicable months of benefit year 2014, there was a corresponding net difference of 188 enrollment groups and 300 members.</p> <p>APTC Differences – For 24 QHPs and applicable months of benefit year 2014, the "Total APTC Amount by QHP ID for effectuated enrollments" included on Highmark WV’s EPDW did not match the total APTC amount on Highmark WV’s APTC/CSR Desk Audit File, resulting in a total net difference of \$99,970.31 in APTC. For the 24 QHPs and applicable months of benefit year 2014, there was a corresponding net difference of 189 APTC enrollment groups and 293 APTC members.</p> <p>Advance CSR Differences - For 12 QHPs and applicable months of benefit year 2014, the "Total CSR amount by QHP ID for effectuated enrollments" included on Highmark WV’s EPDW did not match the total advance CSR amount on</p>
--	--------------------------	---

		Highmark WV's APTC/CSR Desk Audit File, resulting in a total net difference of \$21,489.89 in advance CSR. For the 12 QHPs and applicable months of benefit year 2014, there was a corresponding net difference of 171 CSR enrollment groups and 238 CSR members.
	Criteria:	<p>Per CMS guidance and EPDW submission requirements:</p> <p>The "Total premium amount by QHP ID for effectuated enrollments" submitted on the EPDW is the "total premium amount for the health coverage for all effectuated enrollments within that plan" and the Total User Fee Amount by QHP ID is "the total FFE user fee amount the issuer can expect to incur for participation in the Federally-facilitated Marketplace."</p> <p>The "Total APTC amount by QHP ID for effectuated enrollments" submitted on the EPDW is the "total APTC toward the total premium amount for effectuated enrollments within a 16-digit QHP ID."</p> <p>The "Total CSR amount by QHP ID for effectuated enrollments" submitted on the EPDW is the "total monthly advance CSR amount the issuer can expect to receive for all effectuated enrollments within a 16-digit QHP ID."</p>
	Cause:	The issuer indicated "The differences are a result of appeals, HICS enrollment updates, retroactivity, and internal enrollment data cleanup efforts. We have updated the 2014 files to the best of our ability but realize there may still be slight discrepancies due to the nature of the business in 2014."
	Effect:	The premium/user fee, APTC and advance CSR differences resulted in a change to Highmark WV's final, restated benefit year 2014 EPDW data.
	Corrective Action Required:	The net financial impact for this finding is a payment due to CMS of \$103,761.09 consisting of

		<p>\$3,790.78 in FFE user fees and \$99,970.31 in APTC. Highmark WV should confirm this financial impact and coordinate with CMS on resolution.</p> <p>The advance CSR payment impact for this finding is an overstatement of \$21,489.89; however, this is for informational purposes only as CSR reconciliation is outside the scope of the audits.</p>
	Management Response:	<i>Highmark WV confirms with this finding and agrees to pay this amount back to CMS in future offset.</i>

Finding No. 2 - Duplicate Check	Condition:	<p>Highmark WV overstated benefit year 2014 premiums by reporting enrollment and full month payment data for one duplicate subscriber i.e. subscriber who was reported more than once in the same month. Additionally, Highmark WV overstated benefit year 2014 premiums, APTC and advance CSR by reporting enrollment and full month payment data for three duplicate subscribers.</p>
	Criteria:	<p>Issuers cannot request payment from CMS for the same subscriber twice within a month.</p>
	Cause:	<p>The issuer indicated the following for each of the four subscribers:</p> <ul style="list-style-type: none"> • “ID X originally had sub assigned id X but CMS changed the ID number to Y12/19/14 backdating it to be effective 05/01/2014. The premium amounts for id X were pulled in error.” • “CMS has these two members with the same exchange sub assigned ID. Verified with the pre-audit file.” • “The pre-audit file shows ID X as the correct owner of the Exchange Sub Assigned ID.” • “This member has overlapping coverage in our system in error. The amounts for group X should not have been reported. ID number Y should be Z.”

	Effect:	The inclusion of enrollment and payment data for the four duplicate subscribers resulted in a change to Highmark WV's final, restated benefit year 2014 EPDW data.
	Corrective Action Required:	The net financial impact for this finding is a payment due to CMS of \$3,966.86 consisting of \$(346.14) in FFE user fees and \$4,313.00 in APTC. Highmark WV should confirm this financial impact and coordinate with CMS on resolution. The advance CSR payment impact for this finding is an overstatement of \$720.90; however, this is for informational purposes only as CSR reconciliation is outside the scope of the audits.
	Management Response:	<i>Highmark WV confirms with this finding and agrees to pay this amount back to CMS in future offset.</i>

Finding No. 3 - Unreconciled Subscribers Review	Condition:	Highmark WV overstated benefit year 2014 premiums by reporting enrollment and payment data for one subscriber who was not effectuated. Additionally, Highmark WV overstated benefit year 2014 premiums, APTC and advance CSR (as applicable) by reporting enrollment and payment data for six subscribers who were not effectuated.
	Criteria:	Per CMS guidance and EPDW submission requirements, the EPDW should include data for effectuated enrollments where an effectuated enrollment is defined as "any enrollment in which the amount the enrollment group is responsible to pay toward the total premium amount has been paid in full by the enrollment group."
	Cause:	For five of the non-effectuated subscribers, the issuer noted "Policy cancelled for non-payment". For two of the non-effectuated subscribers, the issuer noted "Application manually loaded, issues with Outbound feed to FFM".

	Effect:	The inclusion of the seven non-effectuated enrollments resulted in a change to Highmark WV's final, restated benefit year 2014 EPDW data.
	Corrective Action Required:	<p>The net financial impact for this finding is a payment due to CMS of \$21,112.92 consisting of \$(1,164.70) in FFE user fees and \$22,277.62 in APTC. Highmark WV should confirm this financial impact and coordinate with CMS on resolution.</p> <p>The advance CSR payment impact for this finding is an overstatement of \$2,409.79; however, this is for informational purposes only as CSR reconciliation is outside the scope of the audits.</p>
	Management Response:	<i>Highmark WV confirms with this finding and agrees to pay this amount back to CMS in future offset.</i>

Finding No. 4 - 45 Subscriber Review	Condition:	<p>Highmark WV understated the premium amounts reported on the APTC/CSR Desk Audit File for one of the 45 selected subscribers.</p> <p>Additionally, Highmark WV understated the APTC amount reported on the APTC/CSR Desk Audit File for one of the 45 selected subscribers by deleting the amount in error.</p>
	Criteria:	Per CMS guidance, the issuer must create a single Inbound APTC/CSR Desk Audit File consisting of detailed enrollment group effectuated enrollment records (one per enrollment group, per month) with the corresponding payment data.
	Cause:	<p>For the one subscriber with understated premium amounts, the issuer indicated "HIOS 31274WV033000205 was effective and voided 05/01/14. At that time the premium was \$506.01. There was no period of coverage for this premium amount. The policy was then effective 05/23/14 to 09/01/14 with \$575.01 premium."</p> <p>For the one subscriber with an understated APTC amount, the issuer indicated "APTC manually deleted in error as part of HICS case resolution.</p>

		Member should have \$269 APTC for December 2014”.
	Effect:	The inclusion of the incorrect premium and APTC amounts resulted in a change to Highmark WV’s final, restated benefit year 2014 EPDW data.
	Corrective Action Required:	The net financial impact for this finding is a refund from CMS of \$(261.05) consisting of \$7.95 in FFE user fees and \$(269.00) in APTC. Highmark WV should confirm this financial impact and coordinate with CMS on resolution.
	Management Response:	<i>Highmark WV confirms with this finding and agrees to pay this amount back to CMS in future offset.</i>

Finding No. 5 - 15 Subscriber Review	Condition:	Highmark WV overstated benefit year 2014 premium, APTC and CSR amounts by reporting enrollment and payment data on the APTC/CSR Desk Audit File for one of the 15 selected subscribers who was not effectuated in Highmark WV’s systems.
	Criteria:	Per CMS guidance, the issuer must create a single Inbound APTC/CSR Desk Audit File consisting of detailed enrollment group effectuated enrollment records (one per enrollment group, per month) with the corresponding payment data.
	Cause:	The issuer indicated “Yes confirm this case was effectuated in error the member never paid and the account was effectuated in error as the accounts receivable platform mistakenly interpreted the action of writing off the member's remaining balance performed on 12/22/2014 as payment and initiated an effectuated transaction to the Enrollment Communication System (ECS) in error.” The issuer further noted “From April - July 2014, We had manually invoiced over 30,000 members. Copies of the invoices have been stored and maintained. Throughout 2017, Highmark has conducted an internal enrollment and billing

		<p>reconciliation to better align with CMS data. Restatement files were sent to CMS on 11/1/2017 and we anticipate sending an additional restatement by 3/31/2018 deadline.”</p> <p>On February 14, 2018, the issuer followed up and noted “The deficiency we experience with our A/R platform was due to the inability to reconcile files between Highmark and CMS. The updated audit file we submitted in Oct. 23, 2017 was the universe as we were capturing and reporting in 2014 conducted by our Statisticians and Data Analysts as the automated reporting process did not exist in 2014. The original universe that we submitted was pulled from our Data Warehouse but was not the respective files that were processed and submitted by our Statisticians.”</p>
	Effect:	The inclusion of enrollment and payment data for the one non-effectuated subscriber resulted in a change to Highmark WV’s final, restated benefit year 2014 EPDW data.
	Corrective Action Required:	<p>The net financial impact for this finding is a payment due to CMS of \$237.15 consisting of \$(11.85) in FFE user fees and \$249.00 in APTC. Highmark WV should confirm this financial impact and coordinate with CMS on resolution.</p> <p>The advance CSR payment impact for this finding is an overstatement of \$74.45; however, this is for informational purposes only as CSR reconciliation is outside the scope of the audits.</p>
	Management Response:	<i>Highmark WV confirms with this finding and agrees to pay this amount back to CMS in future offset.</i>

Issuer Management Response to the Draft Audit Report Findings (See Appendix 3)

Please provide management’s response to the findings identified in the draft audit report and complete the attached Appendix 3, Issuer Management Response to Net Financial Adjustment, within 30 calendar days from the draft audit report date. Management’s response should indicate agreement or disagreement.

Agreement

If management agrees with the five findings, complete the “Issuer Management Response” field of the finding in the draft audit report, and initial “Agree” and sign the attached Appendix 3 Issuer Response to Net Financial Adjustment. Return the draft audit report including Appendix 3 within 30 calendar days from the draft audit report date. Upon receipt of the signed Issuer Response to Net Financial Adjustment, CMS will finalize and publish the report. CMS will process the final adjustment amount in the next available monthly payment cycle.³

Disagreement

If management disagrees with the five findings and corrective actions, complete the “Issuer Management Response” field of the finding in the draft audit report, and initial “Disagree” and sign the attached Appendix 3 Issuer Response to Net Financial Adjustment. Return the draft audit report including Appendix 3 and any supporting documentation that substantiates management’s response within 30 calendar days from the draft audit report date. This will be the final opportunity to provide information or supporting documentation to correct any inaccuracies in the report before it is finalized.

CMS will review the written explanation in the “Issuer Management Response” field of the findings and any supporting documentation to determine if the report can be amended in a mutually-acceptable manner. If you and CMS are unable to come to a mutually-acceptable result, your response to this report will be included in the final published audit report.

CMS will provide a final audit report, including the stated final adjustment amount along with an updated Appendix 3 - Issuer Response to Net Financial Adjustment within 30 calendar days after receipt of management’s response. Please return the updated Appendix 3 - Issuer Response to Net Financial Adjustment Draft Response within 15 calendar days. Upon receipt of the signed Issuer Response to Net Financial Adjustment Draft Response, CMS will finalize and publish the report. CMS will process the final adjustment amount in the next available monthly payment cycle.³

³ CSR payments are prohibited unless and until a valid appropriation exists.

Appendix 1 – Applicable Regulations

The following table identifies the specific regulatory requirements around which CMS has organized its audits.

Regulation	Guidance
45 CFR §156.50 – Financial Support	<p>(a) Definitions. The following definitions apply for the purposes of this section: <i>Participating issuer</i> means any issuer offering a plan that participates in the specific function that is funded by user fees. This term may include: health insurance issuers, QHP issuers, issuers of multi-State plans (as defined in § 155.1000(a) of this subchapter), issuers of stand-alone dental plans (as described in § 155.1065 of this subtitle), or other issuers identified by an Exchange.</p> <p>(b) Requirement for State-based Exchange user fees. A participating issuer must remit user fee payments, or any other payments, charges, or fees, if assessed by a State-based Exchange under § 155.160 of this subchapter.</p> <p>(c) Requirement for Federally-facilitated Exchange user fee. To support the functions of Federally-facilitated Exchanges, a participating issuer offering a plan through a Federally-facilitated Exchange must remit a user fee to HHS each month, in the timeframe and manner established by HHS, equal to the product of the monthly user fee rate specified in the annual HHS notice of benefit and payment parameters for the applicable benefit year and the monthly premium charged by the issuer for each policy under the plan where enrollment is through a Federally-facilitated Exchange.</p>
45 CFR §156.460 - Reduction of enrollee's share of premium to account for advance payments of the premium tax credit	<p>(a) Reduction of enrollee's share of premium to account for advance payments of the premium tax credit.
