

# Medicare Part A Cost Report e-Filing Updates

*Wednesday, February 14, 2024*

***Presenters:***

*Owen Osaghae, CMS*

*Jolene Nguyen, CGI Federal*

# Acronyms in this Presentation

- BSO - Backup Security Official
- CCN - CMS Certification Number
- CMHC - Community Mental Health Center
- ECR - Electronic Cost Report
- ESRD - End Stage Renal Disease
- EUS - External User Services
- FQHC - Federally Qualified Health Center
- FTE - Full Time Equivalent
- FYB - Fiscal Year Begin
- FYE - Fiscal Year End
- GME - Graduate Medical Education
- HHA - Home Health Agency
- Histolab - Histocompatibility Laboratory
- HO - Home Office
- IDM - Identity Management system
- IME - Indirect Medical Education
- IPPS - Inpatient Prospective Payment System
- IRIS - Intern and Resident Information System
- IRR - Interim Rate Review
- LPIC - Limited Purpose Insurance Company
- MAC - Medicare Administrative Contractor
- MCR - Medicare Cost Report
- MCR eF - Medicare Cost Report e-Filing system
- MFA - Multi-Factor Authentication
- NPR- Notice of Program Reimbursement
- OPA - Organ Procurement Agency
- PHI - Protected Health Information
- PII - Personally Identifiable Information
- PS&R - Provider Statistical and Reimbursement System
- RHC - Rural Health Clinic
- SNF - Skilled Nursing Facility
- SO - Security Official
- STAR - System for Tracking Audit and Reimbursement
- TS - Tentative Settlement

# Clarification of Terms

- When we say “Provider”, we mean Medicare Part A Providers *and* their Home Offices
- When we say “Cost Report”, we mean Medicare Part A Cost Reports *and* their Home Office Cost Statements

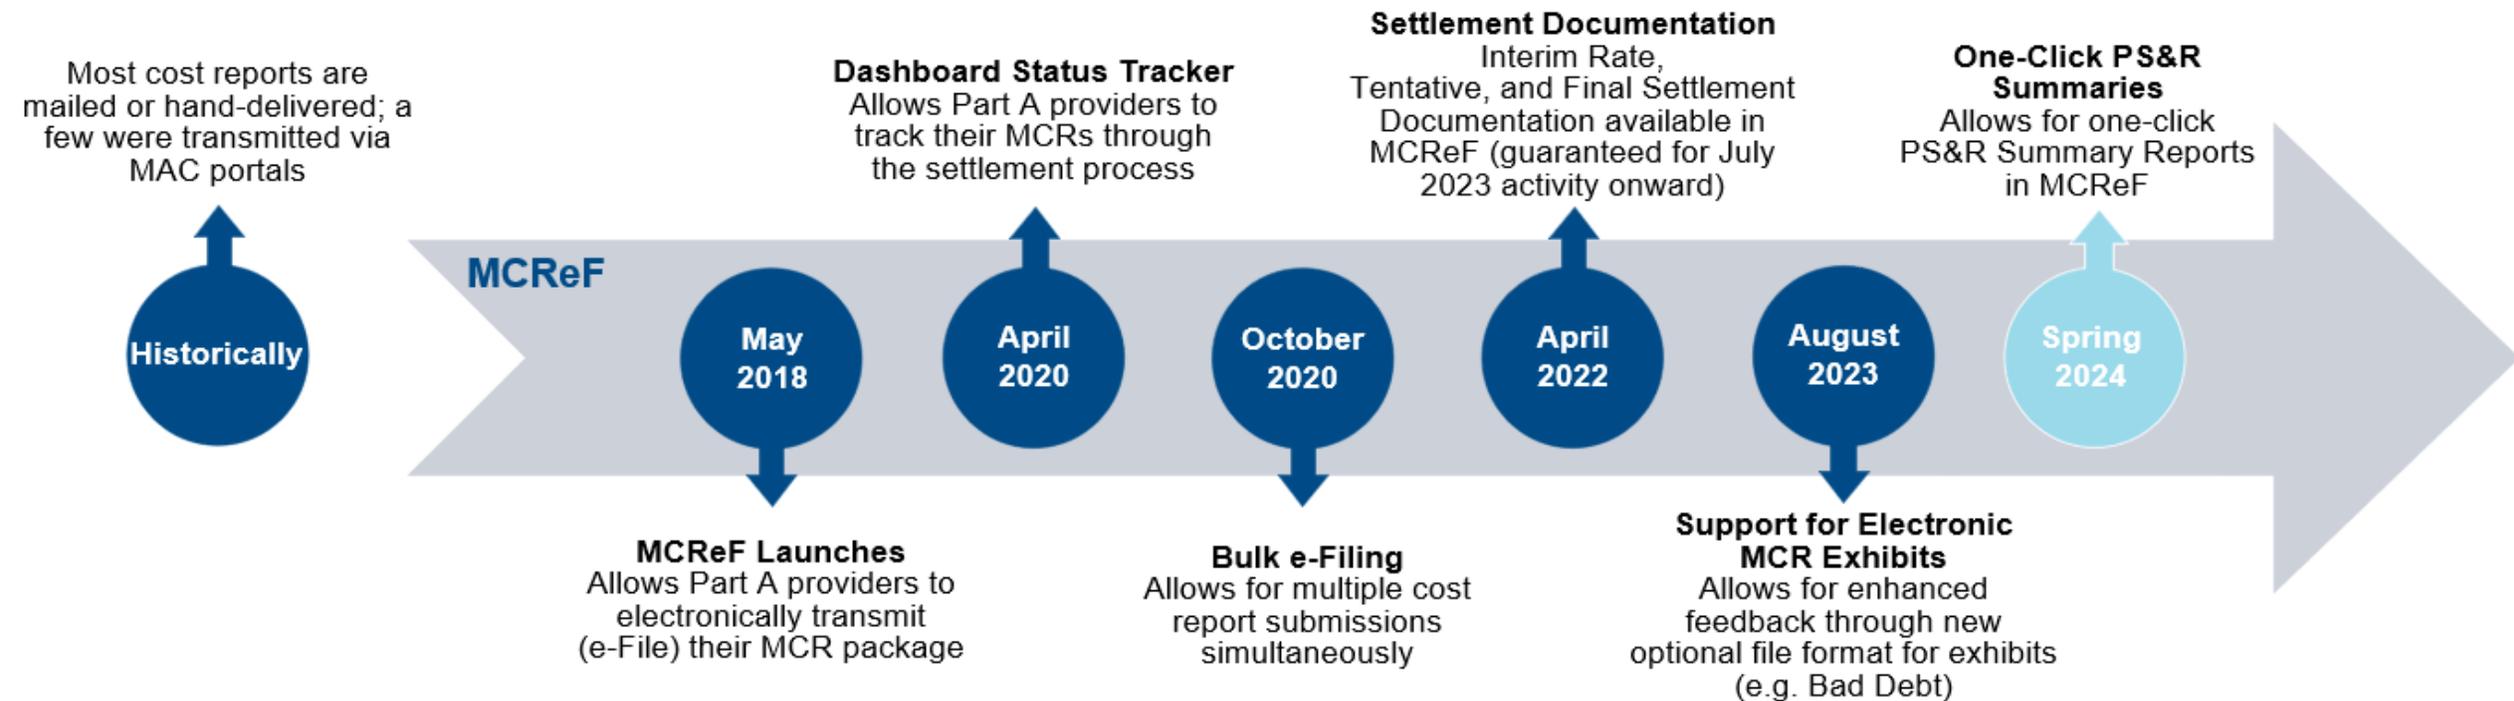

# Agenda

- Introductions
- Background and Overview
- Discuss Updates and New Features to MCR eF
- e-Filing Refresher
- Q&A

# Business Overview

- The Medicare Cost Report (MCR) is used to determine Part A providers' annual Medicare reimbursable cost.
- Providers use a variety of sources (including Provider Statistical and Reimbursement system (PS&R) claim reimbursement data) to create their MCR.
  - There are about 56,000 MCRs submitted each year that account for over \$250 Billion of Medicare reimbursement.
- Regulation specifies deadline for submitting an acceptable cost report
- Medicare Administrative Contractors (MACs) have requirements for receiving, accepting, reviewing, auditing, and finalizing cost reports.

# History of Cost Report Submission and Receipt Process

# MCRReF Usage

- **Since 5/1/2018:**
  - Over 140,000 successful submissions from over 10,000 distinct users
  - Median Submission Time: 4 seconds
  - Over 2,900 providers were able to correct errors with their MCR prior to submission and without the need for correspondence with their MAC, and potentially avoiding the rejection of their MCR
  - Tentative Settlement payments issued faster on average for MCRReF submissions versus non-MCRReF submissions
- CY2023: 65% of all MCR submissions were e-Filed via MCRReF
- **A few quotes received from MCRReF users:**
  - “In the 25 years I have been doing cost reporting, never have we gotten tentatives this early or have we filed this early, so we know it is all because of MCRReF.”
  - “I am loving the cost report submission season! MCRReF is awesome!”
  - “This is a great, centrally located tool for cost report filing statuses, especially when you have multiple facilities and multiple fiscal years.”
  - “Finally started using it this year, and kicking myself for not doing it sooner!”
  - “..I have been involved in cost reporting since 1983. This is the best initiative that I have seen from CMS to help providers and be more efficient.”

# CMS Goal

- Enhance the Medicare provider experience
  - Continuously improve the cost report filing experience
  - Increase transparency to providers through cost report tracking

# Advantages of MCRReF for Providers

- One process for all providers via one submission portal
  - Available to all Part A providers regardless of MAC
  - Beneficial to chain organizations which have providers at multiple MACs, and any time you change MACs
  - Reduces confusion, delays, and time you spend on administrative processes
- Direct feedback on the receivability of your MCR submission, and potential for instant acceptance
- Tentative Settlement payments issued faster on average for MCRReF submissions
- Live updates on cost report status from submission through desk review and final settlement, including access to Interim Rate, Tentative, and Final Settlement documentation for activity since July 2023

# MCRReF – High Level System Changes

- **One-Click PS&R Summaries:** PS&R Summary Reports will be directly accessible in MCRReF via one-click download
- **Electronic Exhibits:** Now fully supporting CMS initiative to create standardized, electronic versions of the Medicare Bad Debt Listing, Medicaid Eligible Days, Charity Care Charges, and Total Bad Debt exhibits

# One-Click PS&R Summary Report Download

# One-Click PS&R Summary Report Download

- PS&R Summary Reports tailored for cost report creation will be directly accessible via a one-click download within the Medicare Cost Report e-Filing system (MCR eF)
- The goal of this is to make acquiring PS&R Summary Reports:
  - Easier (one-click, rather than current multi-screen flow for custom requests)
  - Faster (immediate download, no queue/inbox)
  - Vendor-ready (format and dates coordinated with cost report vendors for plug'n'play simplicity)

# What the One-Click Summaries Will Contain

- All available PS&R Report Types for the provider and any subunits the MAC is currently aware of
  - Report package will also include the PS&R 1000 Consolidated Summary report and supplemental sections as applicable (i.e. 110 DRG Section, 329/339 Patient CBSA Visit Section)
- Service Periods
  - Will encompass 1 full cost reporting period
  - Service-period “splits” will be applied as follows:
    - IPPS Hospitals receive a split on 10/1
    - The following provider types will receive a split on 1/1:
      - Cancer Hospitals
      - Teaching Facilities
      - Based Psych and Rehab units attached to a Teaching Hospital
      - Based Swing-Bed SNFs and RHCs
    - RHCs receive an additional one-time split on 4/1/2021
- All Paid Dates available as of report generation
- CSV and PDF format

*Note:* Before using One-Click Summaries, you should confirm that these defaults meet your particular filing needs

# Service Period Date “Splits” Example

For example, assuming a Teaching Hospital with based Psych, RHC, and HHA subunits, and a Cost Reporting Period of 7/1/2022-6/30/2023, the default service periods would be as follows:

Provider	“Splits” on...	Period 1	Period 2	Period 3	Period 4
Teaching IPPS Hospital	10/1 (IPPS) 1/1 (Teaching)	7/1/2022 – 9/30/2022	10/1/2022 – 12/31/2022	1/1/2023 – 6/30/2023	
Based Psych	1/1 (Based Psych to a Teaching facility)	7/1/2022 – 12/31/2022	1/1/2023 – 6/30/2023		
Based RHC	1/1 (RHC)	7/1/2022 – 12/31/2022	1/1/2023 – 6/30/2023		
Based HHA	None	7/1/2022 – 6/30/2023			

# Supported FYEs and Data Refresh Frequency

- Functionality will generate refreshed default PS&R Summary reports for cost reporting periods which meet all 3 of the following criteria:
  - FYE is in the past
  - FYE is within the last 3 years
  - FYE does not have a Finalized NPR
- Supported FYEs will have refreshed reports made available on a rolling basis:
  - FYEs without an Accepted cost report will be refreshed at least weekly
  - Accepted FYEs which do not have a Finalized NPR will be refreshed at least monthly
  - FYEs where a Finalized NPR has been issued will stop being refreshed
    - Most recently refreshed report will remain available with the date it was last refreshed
- For any reports not made available per the guidelines above (including Detail and Miscellaneous), users would continue to request those manually in the PS&R system

The download icon indicates that the Summary Reports for that Provider / FYE are available for download.

The date is when the reports were last verified to be current.

Clicking anywhere on the download icon or the hyperlink will initiate the download.

# Mock-up with Upcoming Changes

The screenshot displays the Medicare Cost Report e-Filing System (MCR eF) interface. The top navigation bar includes the CMS logo, the system name, and links for Home, Accessibility, User Manual, and Logout. The user ID is Sample User, and the date is Wednesday, February 14, 2024. The main content area is titled "Home" and "Bulk e-File".

On the left, there are filters for "Fiscal Year End" (From and To) and "CR Status" (FYE Not Elapsed, Pending Receipt, Processing, Reopening/Appeal, Complete). Below these are "Bulk e-Filing Issue(s)" (Warning, Error) and a "Clear Filters" button.

A file upload window is open, showing the file "123456\_FYE 2023-09-30\_Summary Reports as of 2024-02-12.zip" selected. The window also displays a list of files:

File Name	Type	Date modified	Size
123456_FYE 2023-09-30.pdf	Adobe Acrobat Document	2/1/2024 7:41 AM	146 KB → 146 KB
123456_FYE 2023-09-30_IP_OP.csv	Microsoft Excel Comma Separated Values File	2/1/2024 7:43 AM	142 KB → 142 KB

The window also shows "2 item(s)" and "289 KB (289 KB packed)".

The background interface shows a table with columns for "Status" and "Action". The "Action" column contains links for "E-File CR".

The PS&R Summary Report download is not available in MCR eF.

This will display when an FYE is too old to be eligible for this functionality.

Summary Report data for ineligible FYEs and any other PS&R reports (Miscellaneous/Detail) will still be available in the PS&R system.

# Next Steps

- Work for this feature is currently being completed, and will be tested by MACs and Providers next
- Goal is to have this available to everyone in MCRReF during Spring 2024

## **Support for Electronic Medicare Cost Report Exhibits**

- **Medicare Bad Debt Listing**
- **Medicaid Eligible Days**
- **Charity Care Charges**
- **Total Bad Debt**

# Support for Electronic Medicare Cost Report Exhibits

- CMS has completed their initiative to create standardized, electronic versions of the **Medicare Bad Debt Listing**, **Medicaid Eligible Days**, **Charity Care Charges**, and **Total Bad Debt** exhibits, and they are now fully available for use
  - The aim of this initiative is to accelerate cost report settlement
  - Adoption of these electronic versions is optional
- The specifications for how to create the electronic exhibits and pre-made templates have been posted online (see URL on slide 32)
- MCReF is now setup to receive and process all of these new electronic exhibits

# Support for Electronic Medicare Cost Report Exhibits

## Exhibits

- MCR instructions include exhibits specifying how to submit additional information that supports the reimbursement being claimed in the cost report
  - Exhibits include a visual layout of the requested information, definitions of the data, and rules that the data is required to follow
  - Note: For the Hospital 2552-10 and the HHA 1728-20, the layout as shown in the MCR instructions is required, regardless of what format (e.g. PDF, CSV, XLS) is used

# Support for Electronic Medicare Cost Report Exhibits

## Electronic Specifications

- CMS support of exhibits now includes *optional* electronic specifications for creating digital versions of the exhibits
- The specifications for each exhibit include a required identifier, the necessary labels for header fields and columns, the rules for the information to be filled in (acceptable formatting, etc.), and the appropriate locations for all of the above

# Support for Electronic Medicare Cost Report Exhibits

## Templates

- In addition to optional electronic specifications, CMS has created pre-made spreadsheet templates as a reference for how to meet the specifications which can also have data directly entered into them
- Templates will help guide data entry in accordance with the specifications:
  - Pre-formatted dates for expected fields
  - Data entry limitations for fields with a specific list of valid values (e.g. Yes/No fields)

Home Medicare Audits & Compliance Part A cost report audit Electronic Cost Report Exhibit Templates

## Part A cost report audit

### Electronic Cost Report Exhibit Templates

In support of efforts to streamline the Medicare Cost Report (MCR) process for participating providers, CMS is supplying optional electronic versions for key MCR exhibits. Utilizing these optional electronic versions will aid MACs in reviewing supporting data from providers, and reduce the need for rejections, amendments, and follow-up communication about MCR submissions. When used in combination with the [Medicare Cost Report e-Filing system \(MCR eF\)](#), providers will also receive additional pre-emptive feedback about potential issues with the information in their exhibits.

The MCR instructions include the definitions of and requirements for exhibits supporting various reimbursements being claimed in the cost report. These exhibit instructions include a visual layout of the requested information, as well as definitions of the expected fields and rules that the recorded information is required to follow.

In support of these exhibits, CMS provides optional electronic specifications for creating digital versions of the exhibits that enable enhanced troubleshooting and accelerated cost report processing if filing through MCR eF. These specifications contain file naming conventions that will enable MCR eF to automatically identify what kind of file is being submitted, as well structure and label information to construct a spreadsheet file (.xlsx or .xslm format) that fulfills all of the requirements of the exhibits in the MCR instructions.

By submitting files in accordance with the specifications, MCR eF is able to check the files for adherence to the cost reporting instructions and give providers feedback about potential problems with their documentation. The utilization of this standardized electronic format also enables accelerated cost report acceptance and tentative settlement.

## General Medicare Bad Debt Exhibit Specification

### Cost Report Applicability

This optional electronic specification describes the characteristics of a spreadsheet file which fulfills the requirements of Exhibit 1 of the 2540-10 (SNF), 265-11 (ESRD), 224-14 (FQHC), 222-17 (RHC), and 2088-17 (CMHC) Medicare cost report (MCR) versions and which can be read by the Medicare Cost Report e-Filing (MCR eF) system to supply direct feedback to cost report filers at time of submission.

### File Format

The file format for this supporting exhibit is an Open XML Spreadsheet (.xlsx/.xlsm).

The exhibit's file, if named with a string beginning with "MedicareBD", will be automatically recognized when uploading into MCR eF. The exhibit can have other names, but in that case, the uploader will have to manually select a documentation type for each uploaded file. (For MCR eF bulk uploads, the naming convention is required for MCR eF to recognize it as the corresponding exhibit.)

### File Structure

The exhibit may consist of multiple worksheets within a single file. Worksheets containing exhibit data must have an exhibit identifier to indicate which exhibit the data is for, and the exhibit has a defined set

### Header Fields (with label locations)

Field Label	Expected Location	Required?	Valid Values
Provider Name	A3	Yes	Free text
Provider Number (CCN)	A4	Yes	6 characters in length; must be for same provider as cost report submission
FYE	A5	Yes	Date
Bad Debts For (Choose One)	A6	For the 2540-10 (SNF) cost report	Must equal "Inpatient" or "Part B"
Prepared By	A7	Yes	Free text
Date Prepared	A8	Yes	Date
Subprovider	A9	No	6 characters in length; must be for a unit in the provider family

### Data Fields (with label locations)

Column Label	Expected Location	Required?	Data Validation Rules
Beneficiary Name	A13	Yes	Free text
MBI or HICN	B13	Yes	Free text
Dates of Service - From	C13	Yes	Date
Dates of Service - To	D13	Yes	Date, must be on or after Dates of Service - From
Medicaid No.	E13	No	Free text

# Support for Electronic Medicare Cost Report Exhibits

- Benefits of following electronic specifications:
  - Upfront, live notice of potential issues with your exhibits if filing through MCR eF (which, if addressed, minimizes back-and-forth with your MAC)
  - Accelerated cost report acceptance and tentative settlement
    - With potential for instant acceptance if filing through MCR eF

# MCREf User Manual Excerpt

Listing of all messages, additional explanation of their meanings, and suggestions for solutions available in Appendix C of the MCREf User Manual:

## Appendix C. Cost Report Material Validations

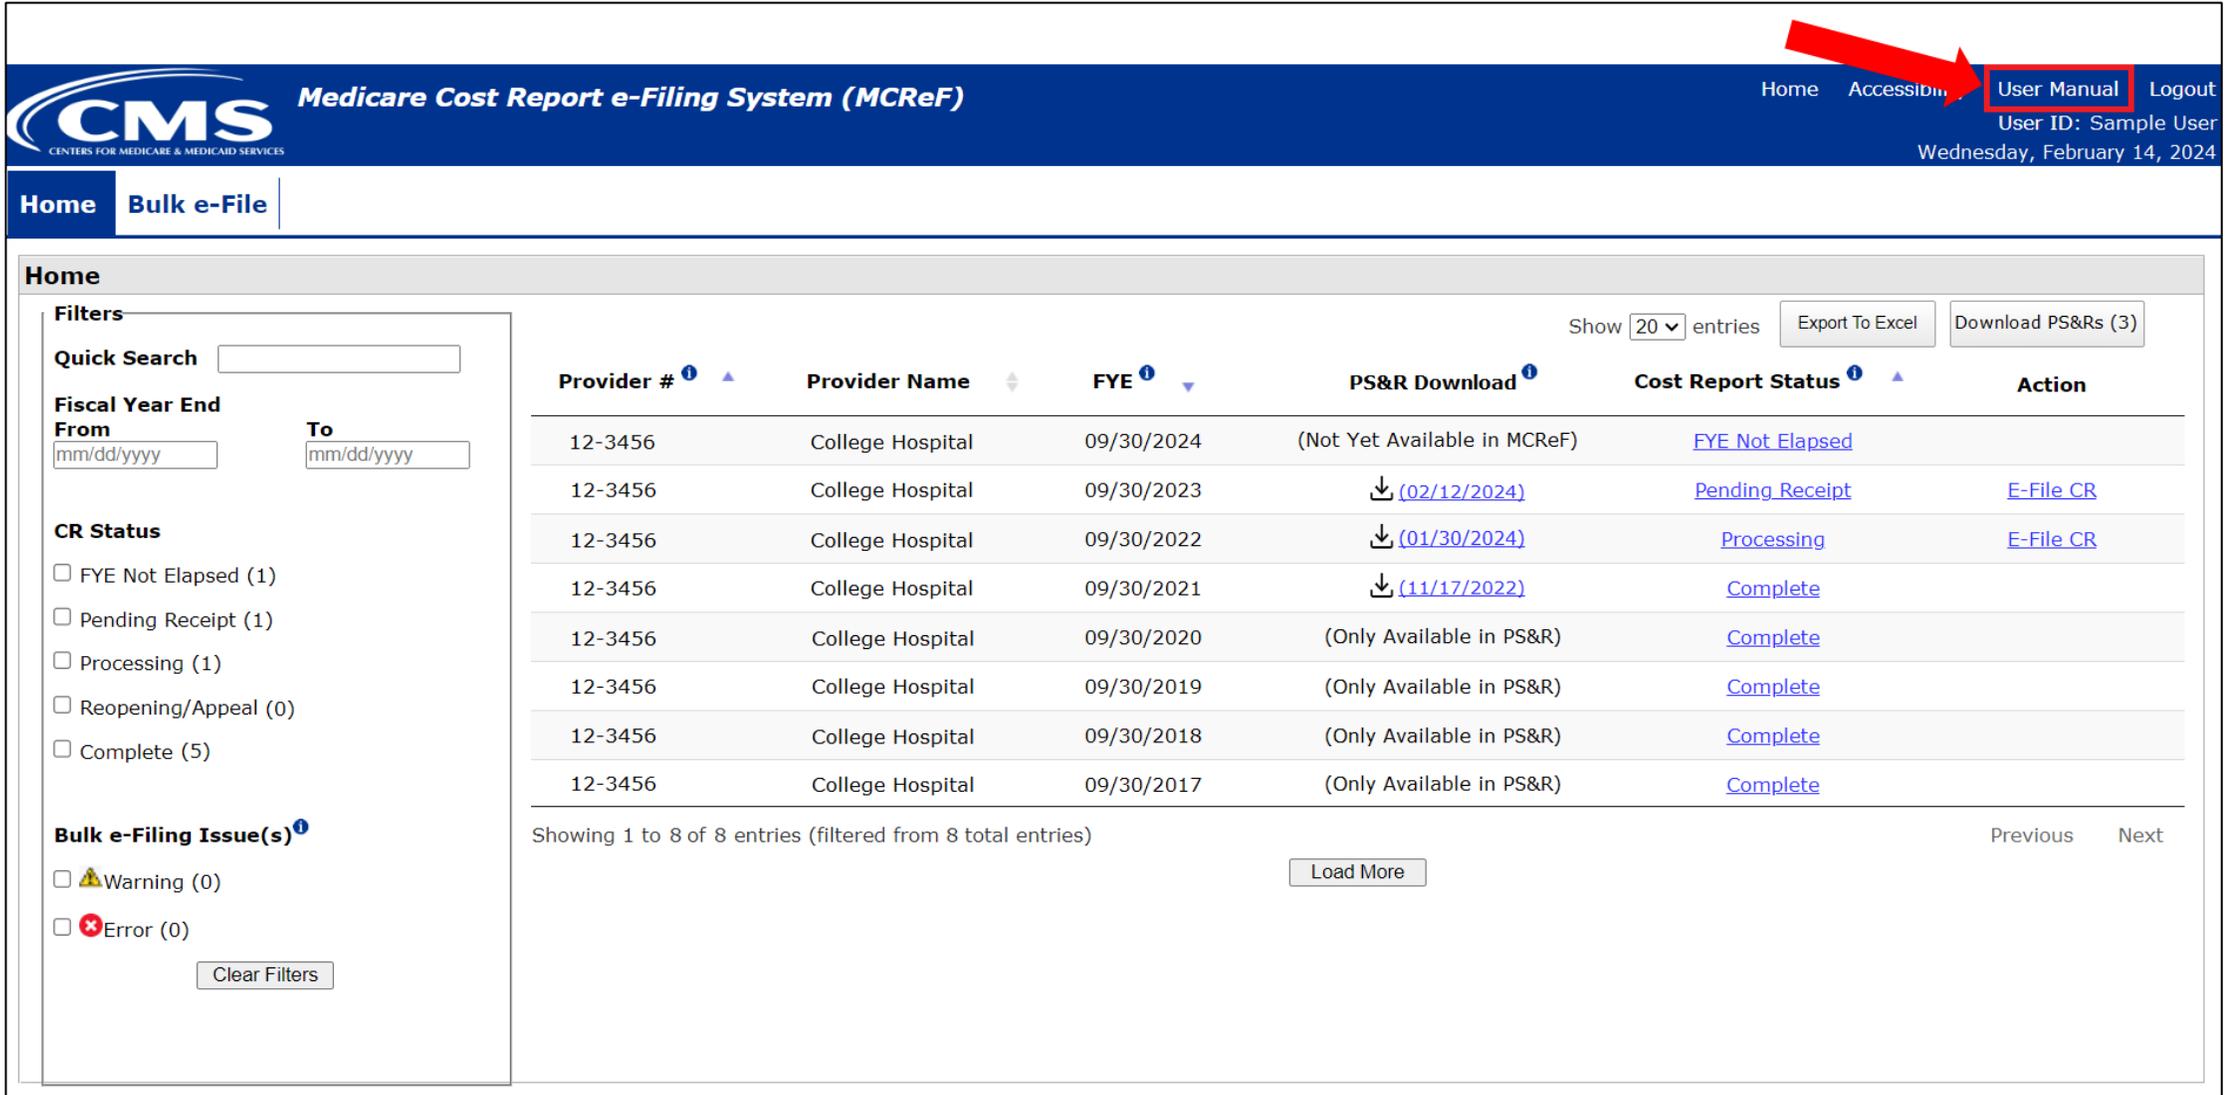

The following exhibit details specific warning messages the system can provide when performing automated processing of cost report materials that have been uploaded (beyond the high-level ones included in Section 6.7.2). The optional specifications referred to throughout this section can be found on the CMS.gov website ([link](#)) alongside pre-formatted, empty templates ready for data entry. Receiving any of the messages below does not result in your cost report submission being unreceivable, but indicates potential problems with your file(s) that may cause issues for your MAC when processing your cost report.

### Exhibit 99 Medicare Bad Debt Listing Warning Messages

Message	Meaning	Solution
<b>Warning F11: Missing expected field label on Medicare Bad Debt Listing</b> <b>Label(s) not found: [list of labels]</b>	The listed headers or column labels were not found within the file. This may result in additional warnings if the absent or mis-labeled columns are relied on by other validations.	When confirming that your file conforms to the optional Medicare Bad Debt Listing specification, specifically look for the locations of the headers and column labels, and make sure your listing is in alignment. Additionally, when reading across the row of column headers, the system will stop processing if it reaches a blank column, which will cause any additional columns after the blank to be not found. If you have gaps in the columns of your listing, remove them.
<b>Warning F12: Unexpected label(s) found on Medicare Bad Debt Listing</b> <b>Label(s) found: [list of labels]</b>	The system found additional headers or column labels beyond the expected ones. Barring other issues, your listing can still be processed normally.	Unless you also receive a warning about missing expected fields, then this warning means you have provided additional data that is not part of the specification for the listing and no further remedy is required. However, if you <i>do</i> receive a warning about missing expected fields, confirm that you've named all of your fields correctly in alignment with the optional specification. (Changing expected label 'X' to unexpected label 'Y' will cause the system to generate both warnings.)
<b>Warning F13: Field label found in unexpected location on Medicare Bad Debt Listing</b>	The system found headers or column labels that it was expecting to find, but in an unexpected arrangement.	Unless you also receive a warning about missing expected fields, then this warning means you have provided all of the necessary information for your Medicare Bad Debt Listing, but in an order that does not

# Where to Find the User Manual

“User Manual” link within MCR eF:

The screenshot shows the Medicare Cost Report e-Filing System (MCR eF) interface. The top navigation bar includes the CMS logo, the system name, and links for Home, Accessibility, **User Manual** (highlighted with a red arrow), and Logout. Below the navigation bar, there are tabs for Home and Bulk e-File. The main content area is titled 'Home' and contains a filters sidebar on the left and a data table on the right. The filters sidebar includes a Quick Search field, Fiscal Year End selection (From and To), CR Status checkboxes (FYE Not Elapsed, Pending Receipt, Processing, Reopening/Appeal, Complete), and Bulk e-Filing Issue(s) checkboxes (Warning, Error). The data table displays 8 entries for Provider # 12-3456, College Hospital, with various FYE dates and PS&R download links. The table also includes columns for Cost Report Status and Action. The bottom of the table shows pagination options: 'Showing 1 to 8 of 8 entries (filtered from 8 total entries)', 'Load More', 'Previous', and 'Next'.

## Medicare Cost Report Electronic Filing (MCR eF)

Each year, Medicare Part A providers must submit an acceptable Medicare Cost Report (MCR) package to their Medicare Administrative Contractor (MAC) for the purposes of determining their Medicare reimbursable cost. The MCR package consists of a variety of cost report materials.

The Medicare Cost Report e-Filing system (MCR eF) provides all Medicare Part A providers the ability to electronically file 100% of their MCR package, including all supporting documentation, directly to their MAC for Fiscal Year Ends on or after 12/31/2017. Successful MCR eF submissions will immediately be received by the provider's MAC to begin their 30-day cost report acceptance process.

# Support for Electronic Medicare Cost Report Exhibits

## Next Steps

- Everything is available on CMS.gov and supported by MCR eF, ready for you to use today
- If you use a vendor, consultant, or internal IT system for creating your exhibit listings, ask them about accelerating your cost report acceptance via the new electronic exhibits
- *Coming soon:* additional MCR eF feedback on cost report and exhibit agreement

# **MCRReF Individual E-File Walkthrough**

# MCRReF Access

- MCRReF Login: <https://mcref.cms.gov>
- Access requires an account from the CMS Identity Management (IDM) system, tied to the PS&R/STAR Application
  - Restricted to IDM PS&R Security Officials (SO) / PS&R Backup Security Officials (BSO) / MCRReF Approved Cost Report Filers
  - Existing PS&R SOs / BSOs already have access
  - Any organization without access must go into IDM, select “Role Request”, choose “PS&R/STAR” from the Application list, and request to set up a PS&R SO.
  - Just like Providers filing cost reports, Home Offices should be registered by SOs to file cost statements.

# IDM Tips and Updates

- To use MCR eF, keep your IDM account in good-standing.
  - Includes password updates or signing into your account every 60 days to keep it active.
  - Timely replacement of SOs and setting up (or requesting to be) a Backup Security Official to simplify transitions.
  - If you are an SO, make sure to recertify your users annually to ensure they keep their access.
  - IDM credential issues are not a valid reason for late MCR filing.
- For help with any IDM/account issues, contact EUS: <https://eus.custhelp.com/>
  - If you need assistance identifying the SO of your organization, reach out to EUS and have the organization's TIN (Tax Identification Number) handy
- Updated Identity Proofing Process since August 2023
  - When requesting your first new role since August 2023, you may be required to undergo the updated process

# MCR eF Walkthrough – Individual e-File

The screenshot displays the Medicare Cost Report e-Filing System (MCR eF) interface. At the top, the CMS logo is visible on the left, and navigation links for Home, Accessibility, User Manual, and Logout are on the right. The user ID is identified as 'Sample User' and the date is 'Wednesday, February 14, 2024'. The main navigation bar includes 'Home' and 'Bulk e-File'. A file explorer window is open, showing the path 'This PC > Documents > PS&R-STAR > MCR eF Training > February 2024 > CR-Materials'. The file list is as follows:

Name	Date modified	Type	Size
111111_2023-12-31.xml	1/15/2020 11:57 AM	Microsoft Edge HT...	627 KB
Additional CR Material.png	4/6/2020 10:46 PM	PNG File	15 KB
EC111111.23A1	4/18/2021 8:49 PM	23A1 File	68 KB
ExpRevGrp.doc	3/17/2023 4:19 PM	Microsoft Word 97...	635 KB
FinancialStatements.xlsx	9/23/2014 5:55 PM	Microsoft Excel W...	84 KB
PI111111.23A1.pdf	1/15/2020 11:57 AM	Adobe Acrobat D...	627 KB
PSRCrosswalk.doc	1/15/2020 11:57 AM	Microsoft Word 97...	627 KB
SIGPAGE111111.23A1.pdf	1/15/2020 11:57 AM	Adobe Acrobat D...	627 KB
WorkingTrialBalance.xlsx	9/23/2014 5:55 PM	Microsoft Excel W...	84 KB

The file explorer window shows the 'File name' field containing a list of selected files: "111111\_2023-12-31.xml" "Additional CR Material.png" "EC111111.23A1" "ExpRevGrp.doc" "Financia". The file type is set to 'All Files (\*.\*)'. The 'Open' button is highlighted.

[Success Messages](#)

**Success S0001:** The cost report submission has been received and accepted by the system, subject to MAC review. The MAC may request further information or clarification to validate the cost report submission. Refer to the dashboard periodically for the updated status of the cost report.

[Back to e-File History](#)

# Updates and General Reminders

# E-Filing Updates

- With the introduction of the 287-22 Cost Statement, Home Office e-filings for FYBs on or after 10/01/2022 have an electronic format which supports e-signature and can be fully e-filed in MCR eF (no need to mail anything in if e-filed and e-signed)
  - The 'HO' electronic cost statement file would be placed in the ECR file slot, just like a cost report ECR file
- The IRIS file size limit has been increased to 50MB as a result of user feedback

# MCRReF General Reminders

- You will receive errors if your submission contains fundamental problems that prevent the system from processing it
  - Providers will not receive an extension for system issues preventing e-Filing
  - These must be resolved for the submission to be received by the MAC
- You will be warned if:
  - MCR submission is late
  - You try to upload an MCR generated with outdated software
  - There are any potentially missing documents in CR materials
  - There are any potential issues with the electronic exhibits
- Timely receipt of the cost report will be measured based on 11:59 PM ET for the provider's cost report due date
- Files uploaded are ***not*** to be encrypted or password protected. MCRReF is a secure portal for transmission of MCR materials (including PII/PHI)
- Duplicate submissions will be rejected by the MAC; only the first MCR received by the MAC will be processed.

# Electronic Signatures

# Electronic Signature

- 2018 IPPS final rule issued in August 2017, authorizes providers to file with an electronic signature effective for FYEs on/after 12/31/2017.
  - Note: IPPS final rule does not change the authorized signatories (CFR §413.24(f)(4)(iv)(C))
- CMS has released MCR transmittals which support e-signature for every MCR form (including Home Offices)
  - An approved form of e-signature (per the 2018 IPPS final rule) is required for signing and subsequently uploading the “Signed Certification Page” in MCR eF

# Electronic Signature

- The next few slides provide examples of valid and invalid uses of e-signature
- These examples are not the exhaustive list of all possible valid and invalid uses of e-signature
- Refer to the 2018 IPPS final rule for e-signature guidance

# Valid use of e-signature
