

Home or Residence Services: Billing Instructions

MLN Matters Number: MM13004

Related Change Request (CR) Number: 13004

Related CR Release Date: December 8, 2022

Effective Date: January 1, 2022

Related CR Transmittal Number: R11732CP

Implementation Date: January 3, 2023

Related CR Title: Billing Instructions for Home or Residence Services

Provider Types Affected

This MLN Matters Article is for physicians and other providers providing evaluation and management (E/M) services to residents living in home or other residences.

Provider Action Needed

Make sure your billing staff knows about billing for the new E/M visit family:

- Codes
- Care settings

Background

Starting with claims for services on January 1, 2023, the 2 E/M visit families titled “Domiciliary, Rest Home (e.g., Boarding Home), or Custodial Care Services” and “Home Services” are now 1 E/M code family. The new family is titled “Home or Residence Services.” Use the codes in this family to report E/M services you provide to a patient in:

- Their home or residence
- An assisted living facility
- Group home (that isn’t licensed as an intermediate care facility for individuals with intellectual disabilities)
- Custodial care facility
- Residential substance abuse treatment facility

There are no changes to the included care settings from each respective family, rather the current care settings for each of the current families are in the new, merged family.

This change deletes CPT codes 99324 – 99337. The following place of service (POS) codes for CPT codes 99341 – 99350 show the merger of the domiciliary visit codes with the home visit codes:

- Home (POS 12)
- Assisted Living Facility (POS 13)
- Group Home (POS 14)
- Custodial Care Facility (POS 33)
- Residential Substance Abuse Treatment Facility (POS 55)

More Information

We issued [CR 13004](#) to your MAC as the official instruction for this change.

For more information, [find your MAC's website](#).
