**Notice to Public of Involuntary Termination of Accordius Health at Statesville**

The Centers for Medicare & Medicaid Services (CMS) is providing notice that on August 23, 2022, Accordius Health at Statesville, 520 Valley Street, Statesville, North Carolina 28677-7935 will no longer participate in the Medicare program. The Medicare provider agreement between Accordius Health at Statesville and the Secretary of Health and Human Services (HHS) will be terminated on August 23, 2022, due to the facility's failure to attain substantial compliance with Medicare's health and safety requirements.

Based on the Denial of Payment for New Admission imposed by the North Carolina State Agency notice dated March 1, 2022, and specified in CMS notices dated March 24, 2022, April 27, 2022 and June 9, 2022, the Medicare program will not make payments for skilled nursing facility services furnished to residents admitted to the facility on or after March 21, 2022. Payments may continue for up to 30 calendar days after the date of termination for patients admitted on or before March 20, 2022. CMS is committed to patient safety and quality of care. We are closely monitoring the relocation of Medicare and Medicaid patients to other facilities.

CMS requires facilities to meet certain health and safety standards to be certified as a Medicare provider. Involuntary termination of a provider agreement is generally a last resort after all other attempts to remedy the deficiencies at a facility have been exhausted. In this instance, CMS has found that Accordius Health at Statesville is out of compliance with CMS's health and safety requirements.

While we understand the relocation of residents and patients can be challenging for all parties involved, CMS prioritizes patient safety and care quality. For residents, patients, and their family members, CMS recommends visiting the following websites for additional assistance through the relocation process:
