Notice to Public of Involuntary Termination of Summit View of Farragut

The Centers for Medicare & Medicaid Services (CMS) is providing notice that on September 1, 2022, Summit View of Farragut, 12823 Kingston Pike, Knoxville, Tennessee 37923 will no longer participate in the Medicare program. The Medicare provider agreement between Summit View of Farragut and the Secretary of Health and Human Services (HHS) will be terminated on September 1, 2022, due to the facility's failure to attain substantial compliance with Medicare's health and safety requirements.

Based on the Denial of Payment for New Admissions imposed by CMS in the notice letter dated August 12, 2022, the Medicare program will not make payment for skilled nursing facility services furnished to residents admitted to the facility on or after August 14, 2022. Payments may continue for up to 30 calendar days after the date of termination for patients admitted on or before August 14, 2022. CMS is committed to patient safety and quality of care. We are closely monitoring the relocation of Medicare and Medicaid patients to other facilities.

CMS requires facilities to meet certain health and safety standards to be certified as a Medicare provider. Involuntary termination of a provider agreement is generally a last resort after all other attempts to remedy the deficiencies at a facility have been exhausted. In this instance, CMS has found that Summit View of Farragut is out of compliance with CMS's health and safety requirements.

While we understand the relocation of residents and patients can be challenging for all parties involved, CMS prioritizes patient safety and care quality. For residents, patients, and their family members, CMS recommends visiting the following websites for additional assistance through the relocation process:
