Reporting Requirements Appendix

Attached to this memorandum is a draft of the California State-Specific Reporting Requirements Appendix. The document is designed to provide guidance and technical specifications for the state-specific measures that the California Medicare-Medicaid Plans (MMPs) will be required to collect and report under the Cal MediConnect demonstration.

These state-specific measures supplement the reporting requirements in the core reporting requirements document. We will revise this draft document following the comment period announced in this memorandum.

Please provide comments using the attached template by March 20, 2014, to the Medicare-Medicaid Coordination Office at [mmcocapsmodel@cms.hhs.gov](mailto:mmcocapsmodel@cms.hhs.gov).
