SUBJECT: Submitting Risk Adjustment Data for Those Enrollees Impacted by Coverage Year 2006 Enrollment Reconciliation

The Centers for Medicare & Medicaid Services (CMS) has conducted Coverage Year 2006 enrollment reconciliation. (See *References* furnished below.) The purpose of this memorandum is to encourage you to:

- Submit risk adjustment data for those enrollees who were not previously identified as enrolled in your Medicare Advantage (MA) organization and, because of enrollment reconciliation, are now identified as enrolled in your MA organization; and
- Resubmit risk adjustment data that was previously rejected due to enrollees not being identified as enrolled in your MA organization.

As detailed in our *Risk Adjustment Submission Timeline*, we will continue to accept risk adjustment data for calendar year 2006 dates of service (1/1/06-12/31/06) until the final submission deadline of January 31, 2008. To obtain a copy of our *Risk Adjustment Submission Timeline*, please visit our contractor's web site at <http://www.csscooperations.com>.

If you have questions concerning the submission of risk adjustment data, please contact the Customer Service and Support Center via email at csscooperations@palmettogba.com or by telephone at 1-877-534-CSSC (2772). Thank you.
