

## **HPMS E-Mail**

**Date:** November 4, 2015

**Subject:** Updated Hospice File Available

**E-mail text:**

This is to notify all Medicare Part D plans that CMS has updated the hospice contact list available through HPMS. To access the file from the HPMS Home Page, click on Data Extract Facility, then select Contact Information. The Hospice Contact Information file is listed in the first drop-down box on that page.

If the above steps do not take you to the report, this may represent an issue with access settings. Please contact [HPMS\\_Access@cms.hhs.gov](mailto:HPMS_Access@cms.hhs.gov) to make sure you have access to the Contact Information link in the HPMS Data Extract Facility. When e-mailing, please include your HPMS user ID.

Thank you.
