Subject: Revised Medicare Part C Reporting Package - Comments due October 19th

E-mail text:

The purpose of this email is to notify Medicare Advantage Organizations (MAOs) that, subsequent to the publication of the 30-day Federal register notice published on August 24, 2015 (8 FR 51275), we revised the Medicare Part C Reporting package by adding a new reporting requirement.

We have added a requirement for MAOs to report on the proportions of Medicare Advantage payments made to contracted providers through the use of alternative payment models. This additional reporting requirement will help CMS better understand the extent to which these models are used in the Medicare Advantage industry. The 30-day notice in the federal register announcing the new reporting requirement was published on September 18th and the PRA package may be viewed at <https://www.cms.gov/Regulations-and-Guidance/Legislation/PaperworkReductionActof1995/PRA-Listing.html>.

Comments are due October 19th.
