F 0761 Level of harm - Minimal harm or potential for actual harm Residents Affected - Few	Ensure drugs and biologicals used in the facility are labeled in accordance with currently accepted professional principles; and all drugs and biologicals must be stored in locked compartments, separately locked, compartments for controlled drugs. **NOTE- TERMS IN BRACKETS HAVE BEEN EDITED TO PROTECT CONFIDENTIALITY** Based on observation, interview and record review, the facility failed to ensure that drugs and biologicals used in the facility were secured properly in the medication cart as evidenced by: -Medication cart was left unlocked and unsupervised with prescribed medication sitting on top of the cart. These deficient practices could place residents that receive medication at risk for harm and place the facility at risk for possible drug diversion. The findings include: Observation on 9/22/20 at 11:40 am revealed an unlocked medication cart that was left unsupervised and parked in a resident hall in front of room [ROOM NUMBER]. There was no facility staff in hall. There was a prescription medication, an unknown white capsule, in a clear medication cup on top of the cart. In an interview on 9/22/20 at 11:46 am LVN A (with the DON present) confirmed the cart was to be locked and medication was not supposed to be left unattended. In an interview on 9/22/20 at 12:00 pm DON confirmed medication carts and treatment carts were to be secured with no medications left unattended. Record review of the facility policy titled Storage of Medication revised date April 2007 read in part: The facility shall store all drugs and biologicals in a safe, secure, and orderly manner. 7. Compartments (including but not limited to, drawers, cabinets, rooms, refrigerators, carts, and boxes.) containing drugs and biologicals shall be locked when not in use, and trays or carts used to transport such items shall not be left unattended if open or otherwise potentially available to others.
