

**About half the kids
in the U.S. get their
health care through
Medicaid or CHIP.**

Does yours?

Your child's health matters!

Help them stay covered and healthy by:

- **Checking your mail for a renewal letter from your state's Medicaid agency or Children's Health Insurance Program (CHIP).** Remember: Some states use different names for their Medicaid and CHIP programs. If you get a renewal form, complete and submit it right away.
- **Applying for coverage even if you don't think you're eligible.** Your kids might qualify, even if you don't. To re-apply, visit [Medicaid.gov/about-us/beneficiary-resources/index.html#statemenu](https://www.Medicaid.gov/about-us/beneficiary-resources/index.html#statemenu) and find your state for next steps. You can apply any time, and there's no limit to the number of times you can apply.
- **Exploring other low-cost, quality health coverage options** for young adults in your family through the Health Insurance Marketplace®. Most people can find a plan for \$10 or less per month with financial help.
