#### Suppression Codes For QM Scores For Website Display Purposes

**199.0:** small denominator suppression: <30 for the long stay measures (401-419) and <20 for the short stay measures (424-434)

**201.0:** score is missing (either no score generated for a particular measure or facility is not matched to QM data, in which case all measures for a facility would be set to 201.0)
